CHARGER BOATS

Put in With The Best.

The Best Keeps Getting Better.

MERCURY
"I On The Water"

Charger 596

For more than 30 years, Charger has built some of the most durable, fishable boats on the water. But we're always looking ahead for new ways to build the best boat for you.

That's why we've added scores of design, performance and comfort features to our new lineup of Charger boats, including all-composite construction, modern instrumentation, updated graphics, redesigned seating, and more. Best of all, we put that three decades of experience, refinement and innovation into every Charger boat.

Whether you're a seasoned tournament professional or a "rookie" weekend angler, we build boats that give you a distinct advantage when you're driving down the lake, taming a big river, or trolling the back of a secluded cove. You'll feel confidence in your Charger every time you hit rough water, make a fast run back to weigh-in, or land the first keeper of the day.

If you're looking for your next boat, it's time you put in with the best. Charger Boats. Because the best just keeps getting better.

Always Take the Advantage.

We're making a splash
with scores of NEW
performance and
convenience features.

A lot of boats look good in a brochure. Most of them even look good on a trailer. At Charger Boats, we've always believed it's the details that make the difference in building a great boat. We call that difference the Charger Advantage.

Take a closer look at some of the features that make up the Charger Advantage, throughout this brochure. We think you'll like what you see, inside and out.

ProAir® Livewall Cooling System

Our patented 529 ribs uses the sea chest to cool the livewells and keep your catch healthy. The 529 ribs also help reduce stress on the fish.

100% Composite Construction

All-composite construction means no wood rot or warping. Our four-inch-thick hulls are the toughest in the industry.

Four Inches Thick

Triple-Step Hull/ Built-In Jack Plate

Provides better speeds and precise handling without the addition of an aftermarket jack plate.

Look for New Boats, New Improvements and Charger Advantage Features throughout this catalog.

"1 On The Water"

596

When they see you coming in a Charger 596, they'll know you've arrived.

Everyone will know you want the best. They'll know you don't compromise. Because you'll be driving the most serious fishing machine on the water, with wide decks, tons of storage, space to move, and room to stretch. Choose any V-6 motor you want; at nearly 22 feet in length, the 596 is built to take it with all-composite construction and a four-inch thick transom. Stow all the gear you'll ever need; the 596 can handle it with 10 spacious storage compartments, including an ice chest.

Unlike other big boats, Charger's unique sloped front deck and gunnel design gives you a great view of what's ahead when the Triple-Step Hull puts you on plane. So, you'll always know when you're the first one to your favorite fishing hole.

When it's time for a big boat, make our flagship your flagship. The Charger 596. It's ready when you are.

Console
Console cutaway center with full instrumentation even has built-in room for your electronics.

Tested Tournament Tough.

Recessed Trolling Motor
Not off the way so you don't stumble or get caught when fishing.

Divided Engine Compartment Storage
Divided engine compartment storage trays help keep tools and gear safe and secure.

Pop-Up Cleats
Cleats stay out of the way when not in use so your line doesn't get caught when fishing.

Tackle Organizer
Built-in tackle tray keeps E-Plan™ lure boxes neatly stored for when you're ready to lure in the big one.

496

NEW HEAVY DUTY ROD STRAPS
NEW HEAVY DUTY ROD STRAPS keep your rods in the right place.

If you've ever taken a close look at a Charger 496, you'll see why it's our most popular tournament boat. Because the 496 was designed by serious fishermen, for serious fishermen.

Want power & speed? No problem. Like its bigger brother, the 496 is rated for any V-6 outboard. Need space & storage? The 95-inch beam and 10 storage compartments give you room to spare. Want convenience? Standard features like new L.E.D. courtesy lights, stainless steel fold-down cleats and our exclusive built-in pork chunk tray let you concentrate on catching fish.

When the competition gets tough, go with a proven winner: The Charger 496.

LIMITED LIFETIME HULL WARRANTY
We build our boats to last—up to 40 years old.

A Dream Come True.

Grab Handle
NEW finishes steel grab handle adds security to your life.

Cockpit Seating
NEW designs in seating and upholstery provide comfort, stability and style.

Passenger Console
 Add protection from the
 wind and elements
 for your partner as
 well as safe storage
 space with a lockable
 glove box.

At Charger, two things are always on our minds: Boats & fishing. Sound familiar?
 Imagine this: A versatile boat that's just under 20 feet long but with a wide beam of over 95 inches. It runs great with a 200 horsepower motor, but can handle a 225. It has everything you expect in a top of the line bass boat...and more, could that be your perfect boat?

That's why we designed and built the new Charger 396.

The 396 has all the features a fisherman needs, like raised forward & rear casting decks, a standard Lowrance X-52 Depthfinder w/ surface temperature and our Recirculating Charge-Air Livewell system. Sea Star hydraulic steering and the Triple-Step hull provide unbelievable handling and performance. You'll even feel good towing it with the fully-tipped standard tandem axle trailer.

So, just imagine yourself in a new Charger 396. Then stop dreaming. We built one just for you.

Family. Friends. Fishing. Fun. No one feels left out when you choose a Charger Fish & Ski.

The whole family can enjoy a day on the lake skiing, cruising or wakeboarding, thanks to the built-in ice chest, ski locker, adjustable Captain's chairs and front snap-in seating. The Triple-Step hull provides great handling and performance whether you're running a slalom or making a run to your favorite fishing spot.

When it comes to fishing, it's all Charger with two independent aerated livewells, raised front and rear casting decks, large rod locker, optional trolling motor and plenty of space to store your gear.

You can outfit your 375 or 475 anyway you like with a long list of skiing and fishing options, so pick your pleasure. We'll build a Charger Fish & Ski that's just right for you.

Find that elusive largemouth. Fill your limit of walleye. Fish big water for lake trout or strippers. Whenever you want, wherever you go, the Charger SUV (Species Unlimited-V) does it all.

At nearly 21 feet, the Charger 210 SUV is built to handle almost any weather condition. You can also choose the smaller, but no less rugged, 190 SUV. Both models feature a Deep-V design and our exclusive, 100% Composite Hull, providing an unrivaled blend of stability, speed and performance.

Your SUV is always ready to fish with oversized rod lockers, aerated livewell/baitwell & bucket, an insulated 50 gallon fish box, integrated tackle storage system, and much, much more. The moveable and removable Captain's chairs allow you to set up your boat for any situation, even cruising or skiing!

Confidence. Comfort. Convenience. When you own a Charger SUV, you always have the right boat for a great day of fishing.

Aerated Livewell/Baitwell
34-inch, 25-gallon livewell/baitwell with bucket has 2 all-pump-out, two fit pumps, recirculation, remote drain, and auto aeration timer. (210)

When someone sees the new Charger 186, they often say "That's a pretty big boat."

Utilizing experience, trial & error, and a few design "secrets," our builders have spent years perfecting the right look for the 186. Best of all, form follows function. The Charger 186 is a tournament-ready, high performance fishing machine with all the construction features of our larger models, including 100% Composite Construction, four-inch thick transom and the Triple-Step Hull rated for 175 horsepower. You'll also find full instrumentation, two full-length rod lockers, dual independent livewells, and an incredible seven storage compartments.

For once, looks aren't deceiving. The Charger 186 is all you see, all you need, and more.

Independent Livewells
Dual independent livewells feature our unique Charge-Air recirculating system, pump-out and time delay

176

Some boat manufacturers offer a "cheap" entry level boat. You often see those boats advertised for a low price, or for low payments.

At Charger, we don't do "cheap." We do "affordable performance."

At more than 17 feet, the Charger 176 is a mid-size premium bass boat. There are no compromises. Just like its big brothers, the 176 includes a four-inch thick transom, 100% Composite Construction and dual aerated livewells. You'll also enjoy features like a standard Lowrance X-52 depthfinder with surface temp. power assist door openers, built-in rod straps, and raised front and rear casting decks. It even includes six separate storage compartments and a built-in ice chest!

Even if it's your first boat, you're still stepping up when you own a Charger 176. Don't settle for less.

Rod Box
We feature full length Rod Boxes on all Charger boats.

Join the Charger Family.

MERCURY
#1 On The Water

**OWNER'S
TOURNAMENT**

Each year, hundreds of proud Charger owners compete in the Charger Owner's Tournament, one of the largest bass tournaments in the Midwest. But it's more than just a tournament, it's a family reunion. With Charger, you're not just getting a great boat, you're joining a family.

In order to help you feel like part of the family you'll receive 2 FREE Charger jackets and hats with the purchase of any New Charger Boat.

For more information about the Charger Owner's Tournament call 573-765-3265 or visit our website at www.chargerboats.com.

APPAREL

Show your pride in owning a Charger boat by ordering your Charger hats, shirts and gear online at www.chargerboats.com.
